The Sufi Journey of Baba Rexheb-Canada Franchesca Trix 2011-09-05 Baba Rexheb, a Muslim mystic from the Balkans, founded the first Bektashi community in America. This is his life story and the story of his communities: the traditional Bektashi tekke in Albania where he first served, the displaced persons camps to which he escaped after the war, the centuries-old tekke in Cairo where he waited, and the Bektashi community that he founded in Michigan in 1954 and led until his passing in 1995. Baba Rexheb lived through the twentieth century, its wars, disruptions, and dislocations, but still at a profound level was never displaced. Through Bektashi stories, oral histories, and ethnographic experience, Frances Trix recounts the life and times of this modern Sufi leader. She studied with Baba Rexheb in his community for more than twenty years. As a linguistic anthropologist, she taped twelve years of their weekly meetings in Turkish, Albanian, and Arabic. She draws extensively on Baba’s own words, as well as interactions at the Michigan Bektashi center, for a remarkable perspective on our times. You come to know Baba Rexheb and his gentle way of teaching through example and parable, poetry and humor. The book also documents the history of the 700-year-old Bektashi order in the nineteenth and twentieth centuries in the Balkans and Egypt and its transposition to America. It attests to the role of Sufi centers in Islamic community life and their interaction with people of other faiths.

A Journey To Self-Peace-2013-10-14 Dr. Abdelfattah Mohns Badawi The fruit of a thesis for a doctoral degree in comparative religions and mysticism, A Journey To Self-Peace is Dr. Abdelfattah Mohns Badawi’s gift to the spiritual seekers of contemporary society. Bringing together faith that walks different roads and signifying that all roads lead to the same goal, Dr. Badawi lays before the reader the problems faced by humanity today and their solution, which can be found by embarking on a journey to discover peace within oneself, the Self that is a spark of Almighty God. On this sacred journey to self-peace, Dr. Badawi walks the road laid down by Sufi saints, adhering to his faith in Islam. He adopts the sacred method of repetition of the Name of God, called dhikr in Sufism and namasmarana in Sanathana Dharma. A Journey To Self-Peace expounds on the benefits of the practice of repetition of the Name, the obstacles that lie on this sacred road Godward, and the scientific analysis that proves this method as a solution to the physical, mental, and social ills faced by humanity. This book brings to fore and highlights the benefits of a practice, which is, according to God Incarnate, the Avatar Bhagawan Sri Sathya Sai Baba, the easiest method to attain realisation of God in the present age.

Islamic Mysticism and the Bektashi Path-Baba Rexheb 2019-02-22 “The Bektashi Way is profoundly simple yet perplexingly complex, striking in its boldness yet gracious in its subtlety; consequently, while shining forth brightly it is still seemingly cloaked in obscurity. There have been attempts to gather its history, characteristic ideas, and observable aspects together and to elucidate its inner wisdom in prose, but few of these attempts have been made by knowledgeable insiders, and even fewer of these have been made in English. This full translation of Baba Rexheb’s Islamic

A Sufi's Journey To Truth-Faruk Dilaver 2020-03-24 “We have known each other through all of eternity. The Beloved is connected to all of us through our inner heart. So how can we be strangers when we know each other so intimately.” Have you ever looked into the eye of love? I was walking in a crowded street with my friend. Suddenly, everyone coming in the opposite direction started greeting him. I thought, “How could this happen? There is no way everyone knows him!” I started writing this book out of this curiosity. In the end, I also looked into the eye of love and became acquainted with our Beloved. This book is based on a true story and only the names are changed. It is written in the loving memory of our beloved Haci Ahmet Kayhan Dede, the Yunus Emre of our century.

Historical Dictionary of Albania-Robert Elsie 2010 Albania is not well known by outsiders; it was deliberately closed to the outside world during the communist era. Now it has thankfully become free again, its borders are open and it can be visited, and it is increasingly integrating with the rest of Europe and beyond. Unfortunately, Albania has had its share of problems in the post-communist era; it’s a land of destitution and despair, thanks in part to the Albanian mafia, which has turned the country into one of blood-feuds, kalashnikovs, and eternal crises. Yet, Albania is, in essence, a European nation like any other and will soon, it is to be hoped, advance and take its proper place in Europe and the world. The second edition of the Historical Dictionary of Albania relates the history of this little-known country through a detailed chronology, an introduction, a bibliography, appendixes, and over 700 cross-referenced dictionary entries on significant persons, places, and events; institutions and organizations, and political, economic, social, cultural, and religious facets.

God and Logic in Islam-John Walbridge 2010-11-15 This book investigates the central role of reason in Islamic intellectual life. Despite widespread characterization of Islam as a system of belief based only on revelation, John Walbridge argues that rational methods, not fundamentalism, have characterized Islamic law, philosophy and education since the medieval period. His research demonstrates that this medieval Islamic rational tradition was opposed by both modernists and fundamentalists, resulting in a general collapse of traditional Islamic intellectual life and its replacement by more modern but far shallower forms of thought. However, the resources of this Islamic scholarly tradition remain an integral part of the Islamic intellectual tradition and will prove vital to its revival. The future of Islam, Walbridge argues, will be marked by a return to rationalism.

Finding W.D. Fard-John Andrew Morrow 2019-01-14 Since his arrival in Detroit on July 4, 1930, W.D. Fard, known also as Wallace Fard Muhammad and over fifty other aliases, has elicited an enormous amount of curiosity. Who was this man who claimed that he was both the Messiah and the Mahdi, and who was identified as God in Person by his disciple, Elijah Muhammad, whom he reportedly appointed as his Final Messenger? The people who actually met him, and the scholars who have studied him, have suggested that he was variously an African American, an Arab from Syria, Lebanon, Algeria or Saudi Arabia, a Jamaican, a Turk, an Afghan, an Indo-Pakistani, an Iranian, an Azeri, a white American, a Bosnian, a Mexican, a Greek or even a Jew. In an attempt to determine the origins of W.D. Fard, most scholars have relied on his teachings as passed down, and perhaps modified, by Elijah Muhammad. Some have suggested that he was a member of the Moorish Science Temple of America or the Ahmadiyyah Movement. Others have suggested that he was a Druze or a Shiite. Finding W.D. Fard: Unveiling the Identity of the Founder of the Nation of Islam provides an overview of the scholarly literature related to this mysterious subject and the theories concerning his ethnic and racial origins. It provides the most detailed analysis of his teachings to date in order to identify their original and multifarious sources. Finding W.D. Fard considers the conflicting views shared by his early followers to decipher the doctrine he actually taught. Did W.D. Fard really profess to be Allah, or was he deified after his death by Elijah Muhammad? The book features a meticulous study of any and all subjects who fit the profile of W.D. Fard, and provides the most detailed information regarding his life to date. It also offers an overview of turn-of-the-20th-century Islam in the state of Oregon, drawing attention to how much W.D. Fard learned about the Muslim faith while residing in the Pacific Northwest. The book finishes with a series of conclusions and suggestions for further scholarship.

Unravelling the Enigma Shirdi Sai Baba in the Light of Sufism-Marianne Warren 1999 This book examines Sai Baba of Shirdi from the standpoint of Islamic mysticism - the Deccani Sufism of 19th century Maharashtra - in order to resolve the mystery surrounding the saint. Two new pieces of work are used in this book. First, Dr Varackhali collected the English translation of part of the works of some 17th and 18th century Maharashtrian Sufi poet-saints. Secondly, she includes the English translation of the previously untranslated Urdu notebook, jotted down by Abdul - Sai Baba's faqiri pupil - from teachings based on the Quran given to him by his pir Sai Baba. Both of these contributions allow us to look into a world hitherto closed, and expand our awareness of the famous miracle-worker of Shirdi.

Journal of a Sufi Odyssey - Volume III-Shaykh Tariq Knecht 2018-11-09 With respect to things which can be said, this trilogy is one of the most revealing excursions into the nature of the Sufi path that has been written in America or the Ahmadiyyah Movement. Others have suggested that he was a Druze or a Shiite. Finding W.D. Understanding Culture and Society in India-Abha Chauhan

Garden of Secrets-MINHAS 2016-10-19 There lies an astounding spiritual depth in the teachings of the Sufi Mystics. The Sufi Mysticism consists in endeavoring to reconcile the doctrines of all religions of the world through the philosophy of love. This piece of art is founded upon the teachings of the Sufi Mystics. The current problem of terrorism, in the name of Jihadi, has blighted the lives of many people. This book will reveal the true meaning of Jihad, as the doctrine of Sufism accentuated on inner Jihad, which means the closing of one’s heart to the inner enemies of retaliation, envy and infidelity. This book also covers the foremost topics like the mystery of love, the status of women in Sufism, science of transformation, management lessons in Sufism, relevance of the Spiritual Master, controlling the Nafs and, most significantly, the Fifteen Fundamentals of life. The book covers the teachings of Persian Mystic “Jalaluddin Muhammad Rumi” (in the world of Sufis, Rumi is the Emperor) and many other Sufi Mystics, and explains the variety of the divine language which is a gift, a blessing, and a responsibility to be read periodically to reinforce the key messages of the Sufi Mystics in one’s life. Remember, the path of spirituality is not easy for those who seek temporary happiness. It is a journey of hardship, and one must keep an enormous amount of patience and blind faith in the master’s teachings to pursue permanent peace and happiness. Note: The author makes no claim to being either an Islamic Scholar or a Spiritual Master. The author is merely a seeker of love through the teachings of the Sufi Mystics.

Spiritual Discourse - Frances Trix 1993 Far from Ottoman Turkey and the Balkans, an expanded farmhouse in southern Michigan provides the secure if improbable setting for Baba Rexheb and his Islamic Bektaşi Community. This is also the setting for Spiritual Discourse, a study of the process by which Baba Rexheb, a ninety-year-old Albanian leader of the Bektaşi order, and Frances Trix, an American student who has studied with him for over twenty years, come to share a common universe of experience and attunement. The focus of the study is one lesson with Baba - a lesson that is rich in poetry and parable, narrative and face-saving humor. As Trix seeks to understand how Baba teaches, she contextualizes the lesson internally in terms of episodes and dialogic patterns, and externally in terms of the societal, personal, and ritual histories it presumes. Overall what is being passed on is not facts but a relationship, for the relationship of “seeker” and “master” mirrors that of human and God. Yet on a more immediate level, Baba teaches through a highly personalized, recursive sort of language “play” that engenders current attention while constantly evoking an ever-growing shared past. For scholars of discourse and interaction, the study contributes the central concept of “language attunement”– A form of “linguistic convergence” that operates not at the level of speech community, but rather at the level of dialogic encounter, and that occurs most often among people who have long interacted. For scholars of Islam and religious studies, the study represents a rare application of sociolinguistics to transmission of spiritual knowledge. The importance of oral interaction in such transmission has long been appreciated, but the conceptual framework and methodology for its analysis have been lacking. An ethnography of learning, a sociolinguistics of mysticism, above all Spiritual Discourse illuminates the process of interpersonal encounter. It is a story gracefully and

Sufi Castigator - Lloyd Rudgeon 2006-09-27 Sufi Castigator investigates the writings of Ahmad Kasravi, one of the foremost intellectuals in Iran. It studies his work within the context of Sufism in modern Iran and Persian mystical literature and includes translations of Kasravi's writings. Kasravi provides a fascinating topic for those with interests in Sufism and Iranian studies as he attempted to produce a form of Iranian identity that he believed was compatible with the modern age and Iranian nationalism. His stress on reason and the de-mystification of religion caused him to repudiate Sufism and much of the Sufi literary heritage as backwards and believed it a reason for the weakness of modern Iran. Kasravi's historical observations were weak, and his writings indicate that he was working towards pre-determined conclusions. However, his works are of significance because they contributed to a major discussion in the 1930s to 1940s about the ideal image and identity that Iranians should adopt. Despite the academic weaknesses of Kasravi's works he had a profound effect on the next generation of thinkers. Sufi Castigator is stimulating and meticulously researched book and includes two lengthy translations of Kasravi's works, Sufism and What does Hafez Say? and will appeal to scholars of middle eastern studies.

The Sufis - Idries Shah 1999-08-01 This work offers coverage of the spiritual and psychological tradition of Sufism. It shows that Sufism is not the preserve of ecstatic religiousists, but has a contribution to make to human culture and philosophy.

Sufi Encounters - Shaykh Fadhlalla Haeri 2019-05-14 An unparalleled exploration of Sufism as it is practised around the world, describing meetings with today's enlightened teachers as well as including wonderfully inspiring translations of the great Sufi masters of the past. Ultimately, this book acts as a guide to the Sufi path and offers wise insight into the meaning and purpose of life. A compelling view of Sufi history together with vivid personal remembrances of living mystics. This is an inspiring and at the same time beautifully subtle book, with light-filled insights on every page. - Saadi Shakur Chishti, author of The Sufi Book of Life The Sufi path described in this book leads the seeker past ordinary states of consciousness towards a new experience of infinitude that is the source of the universe. In this stage there is no duality or otherness, but instead infinitude, the Original Oneness, from which all dualities and attributes emanate. The book is at once an autobiography, a dialectic treatise and a literary opus full of wonderful translations of the words of earlier Sufis, as well as the author's own poetry. It describes Shaykh Fadhlalla Haeri's life quest to connect today's world with classical times, especially through his meetings with enlightened Sufis all over the globe. Shaykh Fadhlalla Haeri also addresses profound Sufi teachings concerning the nature of humankind, the cosmos and God, using clear and simple language to address difficult doctrinal issues as only a master who has digested fully such knowledge could do. The book also reveals much about the present-day Islamic world where, despite the tragedies that are to be seen everywhere, tradition and spirituality survive. This is a metaphysical and spiritual guide to the Sufi path that ultimately offers insight into the meaning and purpose of life.

The Lamp of Love - Amatullah Armstrong Chishti 2005 The Lamp of Love: Journeying with the Sabri Brothers recounts the journey of an Australian Sufi woman whose devotion to the powerful and ecstatic music of Pakistan's legendary qawwals (Sufi singers), the Sabri Brothers, drew her from the tranquility of the Australian countryside to settle in the midst of overpopulated Karachi, so that she could immerse herself more deeply in the Sufi tradition.

The Path of Yoga-Osho 2013-04-09 Yoga is now internationally an integral part of our health-conscious cultural landscape. It is practiced by millions for health and fitness reasons. While Yoga is seen and practiced mostly as a body exercise program, the interest in the philosophical and spiritual dimension of Yoga is growing. This book introduces us to Patanjali, the founder of ancient Yoga in India. It takes us step by step into a deeper understanding of the essence and origins of Yoga. Osho introduces and unlocks Patanjali's ancient sutras, revealing how contemporary this ancient message truly is. It quickly becomes clear that we are just on the cusp of a gaining a much deeper understanding of Yoga and its place in our evolving world. Surprisingly, the mind even more than the body is the focus of Patanjali's teaching. He says: "Yoga is the cessation of mind." As Osho says: "The definition of Yoga is the best definition. Yoga has been defined in many ways; there are many definitions. Some say Yoga is the meeting of the mind with the divine; hence, it is called yoga – yoga means meeting, joining together. Some say that Yoga means dropping the ego, ego is the barrier: the moment you drop the ego you are joined to the divine. You were already joined; it only appeared that you were not joined because of the ego. There are many definitions, but Patanjali's is the most scientific. He says: Yoga is the cessation of mind. "What is the mind? What is the mind doing there? What is it? Ordinarily we think that mind is something substantial there, independent. Patanjali didn't agree. Modern science also doesn't agree. Mind is not something substantial inside the head. Mind is just a function, just an activity."

Sacred Spaces - Samina Quraeshi 2010-03-31
Sufism, the mystical path of Islam, is a key feature of the complex Islamic culture of South Asia today. Influenced by philosophies and traditions from other Muslim lands and by pre-Islamic rites and practices, Sufism offers a corrective to the image of Islam as monolithic and uniform. In Sacred Spaces, Pakistani artist and educator Samina Quraeshi provides a locally inflected vision of Islam in South Asia that is enriched by art and by a female perspective on the diversity of Islamic expressions of faith. A unique account of a journey through the author’s childhood homeland in search of the wisdom of the Sufis, the book reveals the deeply spiritual nature of major centers of Sufism in the central and northwestern heartlands of South Asia. Illuminating essays by Ali S. Asani, Carl W. Ernst, and Kamil Khan Mumtaz provide context to the journey, discussing aspects of Sufi music and dance, the role of Sufism in current South Asian culture and politics, and the spiritual geometry of Sufi architecture.

Die Before You Die - Anab Whitehouse 2018-11-06
This book explores the significance of a saying of the Prophet Muhammad – namely, “Die before you die” -- from the perspective of an individual who has been journeying along a path of discovery for more than 50 years. The contents of this book might be one of the most unique, intriguing, and challenging accounts of Islam and the Sufi path that has been published in North America. Just a little over a year ago, the author of this book died – several times -- in the emergency room of a local hospital. This book starts with those events and, then, expands outward to talk about an array of experiences (including spiritual abuse) that has shaped his understanding of Islam, the Sufi path, life, and himself. In addition, the book critically reflects on a series of issues that have relevance in today's world. These ideas range from: Sam Harris, to topics such as: Education, religion, mysticism, science, and shari'ah. While each of the book's four sections has something to offer readers with respect to assisting a person to work toward developing a deeper understanding of Islam and its mystical dimension (as well as a number of other topics), the book's section on shari'ah might prove to be the most illuminating and thought-provoking facet of the book. More specifically, Dr. Whitehouse introduces readers to a way of engaging the topic of shari'ah that is quite different from what is normally thought of in conjunction with that term and, if God wishes, could serve as a way of helping to bring the Muslim world and the West closer together in a variety of constructive and harmonious ways.
